Izy held a "Natter for NETA" coffee morning today. There was more tea than coffee drank and it started at 1.00 pm. (So much for the coffee morning.) Izy and I would just like to say thanks to our family and friends that came and made it all possible. There were 21 adults and 2 children in our house and it all went off without a hitch. Thanks to those of you who baked cakes and provided biscuits and most of all, a big thank you to Izy for all the hard work.
We made £185.20 for NETA + another £27.60 from my friends from Darlo whom I get out and about with. That makes a total of £212.80. Well done everybody. I'm over the moon.
(If anyone wants to have their own coffee morning for NETA I have the literature in pack form, so please message me.)

These great 'year six' girls ran a Natter for NETA today and raised over £150. They baked, entertained and informed about Aphasia. Wonderful ambassadors for our charity!!
Could you do the same?

Thank you to everyone on Bishop Auckland stroke unit who made some amazing cakes and helped raise £62.50 for NETA. People with Aphasia helped run the stall and did a great job of raising awareness about stroke and aphasia. We had lots of fun and lots of cake!
